| (1) If, under section 19 an adult is referred by the BDR Registrar for assessment, a clinician must take all reasonable steps to assess the adult for section 21. | The BDR Registrar may refer a person for an assessment following the receipt of an application under the [Authorised Persons Referral Pathway](#) for a Banned Drinker Order (BDO) to be made. The assessment is a clinical assessment to assist the BDR Registrar in making a decision about whether to make a BDO. Clinicians within the assessing team must take all reasonable steps to assess the adult so that the BDR Registrar can make a determination. This assessment can be done in person or based on evidence provided or otherwise available to the clinician. A report must be made by the assessing clinician about the assessment and advise:  
- Whether in the opinion of the clinician, the person is misusing or has misused alcohol and could benefit from a restriction on alcohol; and  
- What, if any, therapeutic support program is best placed to manage this person’s particular situation. An assessment must be undertaken in a reasonable time. For the purposes of this Act, the assessment must occur within a month. If no assessment occurs, the clinician must advise the BDR Registrar that no assessment has been completed and the BDR Registrar will lapse the application and inform the referring agency. |
| (2) An assessment may be made in person or on the basis of information provided or otherwise available to the clinician. | |
| (3) Following the assessment, the clinician must make a report of the assessment to the BDR Registrar, containing the following:  
  (a) a recommendation as to whether a BDO should be made for the adult;  
  (b) a recommendation as to any appropriate therapeutic support program for the adult. | |
| (4) If, despite taking all reasonable steps, the clinician is unable to assess the adult within a reasonable time:  
  (a) the clinician must notify the BDR Registrar accordingly; and  
  (b) the application to which the referral for assessment relates lapses. | |

<td>s39 Sharing information</td>
<td>Section 39 allows for information to be shared in certain circumstances. A person referring another person to the BDR Registrar under the <strong>Authorised Persons Referral Pathway</strong> may provide the BDR Registrar with any information about the adult the application is related to. This allows for lawful sharing of information about another person. A Police Officer or the BDR Registrar may provide information about a BDO that is in force to an information sharing authority. An information sharing authority is: (a) a public sector employee who is acting under a law of the Territory in relation to a banned adult; or (b) a licensee as defined in section 4(1) of the Liquor Act; or (c) a legal representative of a banned adult; or (d) a person or body prescribed by regulation. The Police Officer or BDR Registrar may only do so if they specify that it is in relation to a BDO when the information is shared, and the Police Officer or BDR Registrar reasonably believes that the information would assist in the provision of a service or assist the performance of a function relating to the adult subject to the BDO, and to ensure the effective and efficient enforcement of the BDO.</td>
</tr>
<tr>
<td>s40 Restriction on use or disclosure of information</td>
<td>This section specifies when information is restricted or may otherwise be disclosed. An information sharing authority (as defined above) must not use or disclose the information for any other purpose than that for which it was given. Information may be disclosed in de-identified statistical form, for the purpose of evaluating the effectiveness of the administration of this Act or if authorised or required by another law in force in the Territory.</td>
</tr>
<tr>
<td>s44 Protection from liability</td>
<td>The BDR Registrar or a clinician is not civilly or criminally liable for anything they do or do not do in good faith when exercising power or performing functions under the Act.</td>
</tr>
<tr>
<td>46 Acts repealed</td>
<td>The <strong>Alcohol Mandatory Treatment Act</strong> no longer exists and there is now no ability to mandate treatment or detain someone under that Act.</td>
